## 1 Policy Statement

- 1.1 This policy aims to set out Lime Hills Academy's approach to educating pupils who cannot be educated on site. There are occasions where the Academy will need to close due to events such as (but not limited to) a pandemic, power loss or extreme weather. The policy also covers the ongoing education of students who cannot be on site when the Academy is open but are able to continue with their education offsite, and this includes individual students, bubbles or year groups that need to self-isolate. Additionally, this policy outlines the practices and procedures in place for staff in self-isolation, who are otherwise healthy and able to continue with teaching, setting, marking and providing feedback on pupil work as part of their usual duties.

## 5 Data Protection Implications

Staff should ensure they consider the implications of the Data Protection Policy and Privacy notices – the following summary is included in the Remote Education guidance which has been shared with all staff.

### Summary

#### Establish clear and consistent privacy and security settings

Video conferencing technology, like any use of personal data, must be transparent. Privacy Notices should be refreshed to ensure use of the technology is adequately referenced. Make use of the available privacy and security features, including restricting access to meetings using passwords, controlling when people can join the meeting or controlling who is allowed to share their screens. Think about who and how you share the meeting ID or password. Provide employees with clear advice on which features to use and how.

#### Establish a preferred supplier for video conferencing

Organisations should select a video conferencing platform that matches their policies.

#### Ensure video conference software is kept up-to-date?

Software must be kept up-to-date. Where video conferencing services are accessed via a web browser, make sure the browser is kept up to date too.

## 6 Preparation for Remote Learning

6.1 Preparation and planning for remote learning has already taken place within Lime Hills Academy. The practices and procedures in place will be subject to regular review and further development to ensure continual improvement to the remote offer.

6.2 Lime Hills Academy and the CLF team will be proactive in ensuring that:

- Staff, where relevant to their role, have access to Home Access, Microsoft Outlook and Teams, SIMS, CPOMS, SENSO and other online platforms as necessary for each individual.
- Students/pupils within classes have access to Microsoft Teams, Home Access, and Microsoft Outlook and any other learning platforms as applicable to each Academy.

- Students/pupils and parents/carers will receive support in accessing IT Systems and platforms where possible, including refreshers and reminders on how to log on, how to reset passwords and who to contact for support.
  - Staff are familiar with the main functions of all relevant online platforms.
  - Staff have the ability to upload lessons and learning to MS Teams and other sites as applicable.
  - Staff laptops all have Senso as a function on laptops, which helps monitor student/pupil activity
  - Parents/Carers and students are made aware in advance of the arrangements in place for the continuity of education. The DfE placed a requirement on schools to share arrangements for Remote Education in February 2021. All Academies have published information for families on their websites.
  - Students/pupils and families are aware that general safeguarding emails have been set up to allow them to contact the Academy should they need to.
- 6.3 Lime Hills Academy should ensure that staff are supported in the development of the above framework by:
- Using staff meetings or setting aside professional development time to invest in Remote Education
  - Ensuring that staff have access to a suitable device in their classroom or, in the event of closure, that staff have a suitable device at home and if not, supply them with a device during the closure period if possible. **This links to the HR Guidance outlined in the Working from home guidance.**
- 6.4 Staff should ensure that:
- They have received appropriate training required in order to support remote learning. This training is likely to be ongoing and linked to the CLF trust wide remote, blended and distance learning strategy.
  - They have read and understood the guidance outlined in the Data Protection policy, Academy Data Privacy Notice/DPN and the Information security for staff policy and linked Nimble training and that they do not download and store personal data on home devices.
  - Their computer-based teaching resources are available outside of the Academy (on MS Teams, OneDrive or OneNote).
  - They have access to key resources not available online at home e.g. key textbooks.
  - They have access to a suitable device for home use and if this is not the case then staff should alert the SLT, Senior Operations Manager or CLF IT Team.
  - They apply the same data protection and confidentiality safeguards when working at home as they would when working on site within their Academy. See Safeguarding policy and addendum for further information.

## 7 Continuity of Education in the Event of a Closure

On occasion, it may be appropriate and suitable to offer and provide remote education to a pupil/student – in the event that they are isolating, medically unwell. In this instance the academy will follow the guidance outlined here.

7.1 Lime Hills Academy will make provision for remote contact with students on a daily basis in two forms:

- Students/pupils will have access to work that allows them to continue progress while at home.
- Students/pupils will have the opportunity for interaction with their class teacher on a regular basis, where this is possible.

7.2 Lime Hills Academy should attempt to replicate the timetable that students follow through the course of a normal Academy day, whilst recognising that distance learning, supported by families, may not follow the typical routines. Teachers will need to make themselves available as part of the remote education, blended and distance learning strategy during their normal working hours. These arrangements are part of the Academy schedules and rotas and will need to be determined locally, with reference to the **CLF HR guidance outlined in the Working from home guidance**.

7.3 The Academy acknowledges the challenges of operating in an unfamiliar environment in that:

- Online learning operates on a very different dynamic.
- Some subjects and activities do not lend themselves well to remote learning.

7.4 **Student/pupil expectations:**

- Students/Pupils will have 1-1 or small group sessions on teams with their key adult.
- The package of online support will be personalised.
- Students should retain structure to their working day starting with log-in to teams at the start of the day for a well-being check in and the structure of their day.

7.5 Teachers and support staff are expected to:

- Upload teaching materials/lessons to teams
- Teachers will endeavour to set meaningful work that will interest the students and will achieve a high success rate.
- It may be that it is more appropriate for the teacher to set one longer task that covers several shorter lessons (e.g. a task for the whole week).
- Feedback to the student 1-1
- Make sure that all resources are available online.
- As much as possible, use the usual rewards and sanctions such as merits/demerits, and verbal praise/warnings. Academy to communicate with parents/carers if there are ongoing concerns.

## 8 Remote Learning Practice and Principles

- 8.1 Across the CLF the preferred platform is via MS Teams. Using existing Academy systems (Microsoft Teams as the preferred platform) means this provision can be put into place quickly and students/pupils only need their existing login details of Academy email and password for much of their content.
- 8.2 Remote Learning interactions may take the format of a 'webinar'/live lesson, in which teachers broadcast lessons to children. Teachers are therefore unable to see students and students are unable to see each other. Recorded videos uploaded to an MS Teams channel are the most likely solution to the current Remote and blended learning procedures. Remote learning interactions must be planned in accordance with the **Safeguarding risk assessments shared with Academies and as agreed by the Principal and Safeguarding team.**
- 8.3 Principles: (Please see HR and Safeguarding guidance for further details):
- Staff must wear suitable clothing and should be the only individual in the webinar or video.
  - Any computers used should be in appropriate areas; for example, located in appropriate and suitable spaces, and where possible, be against a neutral background.
  - Any videos should be recorded and backed up safely and securely, so that if any issues were to arise, the video can be reviewed. These videos can then be made available to students who may have been unable to view the contents until a future date and time. **See Information Security for Staff and Data Protection guidance for further details.**
  - The webinar or video should be kept to a reasonable length of time.
  - Language must be professional and appropriate.
  - Any teaching/learning software and/or platforms are suitable and raise no privacy issues; or use cases against the providers' terms and conditions (for example, no business use of consumer products).
- 8.4 The Academy is mindful that if remote working/learning is happening nationally then there may be bandwidth restrictions across the UK internet backbone. In this event, staff and students should rely on Show My Homework, Sum Dog, Seneca and Hegarty Maths to provide content and using their staff/student email.
- 8.5 Some families may not have internet access at home and Lime Hills Academy will seek to provide lesson content for its most vulnerable students if given adequate notice prior to any Academy closure.

## 9 Remote teaching for staff who are in self-isolation

- 9.1 Teaching staff may be in the situation where, in line with the guidance from Public Health England, they are required to self-isolate. Staff may be well and therefore able to undertake meaningful work at home. During any such period, the Academy will ensure that the lessons are covered in a similar way to any other planned absence, so no-one need fall behind. This policy summarises the provision of remote teaching by teaching staff in this position, so that

there are consistent and well understood expectations of the level of support that will be provided for all concerned.

9.2 If a member of staff is required to self-isolate, they are expected to:

- Follow the normal guidelines for planned absence. They should plan resources and set cover work for another teacher, who may not be a subject specialist, to follow.
- Additionally, they should mark work and give feedback remotely.

## **10 Accessing Remote Learning from Providers outside of the CLF**

10.1 Students may have a varied curriculum offer and this may include tuition and support from external agencies. In the event that the Academy has to close or external agencies cannot enter the building they may offer their own Remote Learning packages. It is the responsibility of the academy to ensure that they complete a thorough review of the packages/ support on offer to ensure that they meet our safeguarding standards. The quality assurance process will be recorded and updated when appropriate. Social Workers, when appropriate (CIC, CP Plan, CIN) should be consulted when allowing students to work remotely with external provider.

## **11 Use of other platforms**

11.1 It is understood that there are occasions where Zoom would be the chosen or identified platform for use in specific circumstances for example parents/carers open event, or if an external provider has opted to use Zoom. The Academy's data privacy notices have been updated and the Academy is able to use Zoom if required, although it is not the chosen platform across the CLF for remote education.

## **12 Support for pupils with SEND, EAL and other specific learning enhancement needs**

12.1 Teachers should ensure that work is differentiated as required for all learners when setting online tasks.

## **13 Safeguarding during a period of an Academy closure**

13.1 In the event of an Academy closure, pupils, parents, carers and teachers are reminded that the Academy's Safeguarding Policy still applies to all interactions between pupils and teachers. In that policy, there are specifically prohibited behaviours and reporting obligations to which teachers must adhere, whether they are at home, in the community or at the Academy.

## **14 Information for parents/carers**

14.1 Parents/Carers will find the following useful information already on Academy websites, Academy based social media profiles and other forms of communications.

- Email contact details for their child's teachers.

- Information on work set.
- Up to date information on Academy closure.

**Appendix 1 – Remote Learning Agreement | Primary**

1. I will only use my Academy e-mail address for Academy related things.
2. I will not attempt to bypass any computer or user account restrictions to access confidential or otherwise restricted information on the Academy network.
3. I will not try to bypass the internet filtering system.
4. I will make sure that all electronic communications with pupils, teachers or others are responsible and sensible.
5. I will be responsible for my behaviour when using the Internet. This includes resources I access and the language I use.
6. I will not deliberately browse, download, upload or forward material that could be considered offensive or illegal. If I accidentally come across any such material, I will report it immediately to my teacher.
7. I will ensure that my online activity, both in Academy and outside Academy, will not cause my Academy, the staff, pupils, or others distress or bring them into disrepute.
8. I will follow the Academy approach to online safety and not deliberately record/video upload or add any images, video, sounds or text that could upset or offend any member of the Academy community
9. I will respect the privacy and ownership of others' work on-line at all times.
10. I understand that all my use of the Internet and other related technologies will be filtered, and can be monitored, logged, and made available to teachers, to protect me and others and the integrity of Academy systems.
11. I understand that these rules are designed to keep me safe and that if they are not followed, Academy sanctions will be applied, and my parent/carer will be contacted.
